Soaring above the competition!

Model AC-3506 Hot Water Pressure Washer

Machine Operating Specifications	
Operating Pressure	3500 PSI
Output Flow	6 GPM
Output Temperature	210°F
Engine	Honda GX630
Engine Fuel	Gasoline
Burner	Beckett Model SM
Burner Fuel	Diesel, #1 or #2 Fuel
Input BTU	513,800
Pump	Belt-Drive / Triplex Plunger
Generator	2900 Watt w/ 120V Aux. Outlet

Standard Features

- ½" Schedule 80 Steel Heating Coil
- LIFETIME Heating Coil Warranty
- Stainless Steel Combustion Chamber
- Adjustable Temperature Control
- High Limit & Low Water Shutdown
- Premium Belt-Drive Pump
- High Pressure Detergent Injection
- Stainless Steel & Powder Coat Exterior

Options

- Down Stream Detergent Injection
- Variable Pressure Wand
- Sand Blast Kit
- Drain / Culvert Jetting Kit

- Corrosion-Free Float Tank
- Pressure Safety Relief Valve
- Low Pressure Unloader
- Low Engine Oil Shutdown
- Hour Meter
- 3-Way Inlet Selector Ball Valve
- 10 Gallon Fuel Tanks
